PART B: Five-Year Term Implementation Plan

PART C: Five-Year Budget

## **PART A: MOTIVATION REPORT**

### **1 INTRODUCTION**

The City of Cape Town introduced the City Improvement District (CID) model to address urban decay that was becoming widespread across the City in the late 2000's. The majority of CID's at that time were established in commercial areas, e.g. the Cape Town Central City Improvement District (CCID) in Cape Town CBD and the Claremont Improvement District Company (CIDC) in the Claremont CBD. Property owners within a CID pay an additional rate on the valuation of their property, which is collected by the City of Cape Town. The Council pays this revenue on a monthly basis to a Non-Profit Company - to administer. The Non-Profit Company is mandated to provide supplementary municipal services within the CID on behalf of the City. Public Safety, Social Development, Cleaning and Greening and Maintenance.

The MID has had a long history of success and challenges, being over 20 years old now. It appears to have successfully staved off the degradation of the urban space, but has also had a number of challenges in terms of community dynamics. The current board sees an opportunity to build on the successes of the past and really professionalise and revamp the organisation.

#### **1.1. APPLICATION**

Muizenberg Improvement District NPC  
Council Clinic Building, 2 Atlantic Road, Muizenberg 7945  
[chair@mid.org.za](mailto:chair@mid.org.za)

#### **1.2. GEOGRAPHICAL BOUNDARY OF THE CID**

The MID area was originally limited to a small enclave in the heart of Muizenberg which urgently required attention in terms of urban renewal. The boundaries of the MID area have remained largely unchanged since the MID was established in 2001. Two small changes, in 2013 and 2016, have increased the footprint of the MID to what it is today.

#### **MID AREA**

The high-quality maps below should be referred to for a clear delineation of the MID boundary. There is one exclusion – that being the upper boundary of the Muizenberg Park, which was not previously included and cannot currently be serviced due to budget constraints. The inclusion proposed with this plan is a portion of the beach-front known as “the sunken gardens”.

### 1.3. VISION

Muizenberg isn't just the historic village, and Surfer's Corner. It is a wide-reaching area, encompassing many people. Our vision is to make Muizenberg safe for all, keep it special and welcoming to tourists and locals alike. It should remain a place where anyone and everyone can enjoy the beauty of our area and the vibrance of a diverse community. After more than 20 years of operation at this current size, the Muizenberg Improvement District (MID) board believes that in order to work towards the vision, we need professionalism the organisation and move away from the "politics" which have beset the organisation for years.

### 1.4. MISSION

The MID's mission is to go about seeing urban upliftment of the Muizenberg area in the pursuit of the vision, through the diligent application of best-practice urban management and improvement, community engagement, and stakeholder management.

### 1.5. CORE VALUES

The MID organization will go about its business in a way that aligns with the values below.

**EXCELLENCE** – we do what we commit to do, and we do it well. We leave things better than we find them. We show tenacity and determination in the pursuit of our mission.

**CLARITY** – we are crystal clear in our communications and transparent with our activities and intentions. We make decisions based on factual input. We aim to be worthy of the trust placed in us by the community.

**HEART** – we see the humanity in everyone, we slow down to listen, and we assume the best of people's intent. We build, mend, and keep strong relationships. We distinguish between the actions and the actor disagreements.

**CREATIVITY** – we are creative when we need to be, we think out the box. We influence with creativity. We believe that the whole is greater than the sum of the parts. We reframe problems to come up with solutions.

**CONNECTEDNESS** – we co-operate and collaborate, because we understand that we are all connected in some way. We look at the big picture but focus on what we can control. We listen to each other and consider each other's points of view.

## 2 AMENDED FIVE-YEAR PLAN 2021-2025

This document is an updated motivation, to be read with the updated implementation plan within the existing 5-year term (2021-2025). This amendment is due to proposed changes in the implementation plan (specifically the inclusion of partnerships as a core activity).

### 2.1. INTEGRATED DEVELOPMENT PLAN LINK

The updated Integrated Development Plan (IDP) of the City of Cape Town, was released in 2022. The MID's business plan aligns comprehensively with many programmes outlined in the IDP. This is highlighted in the table below.

	ALIGNMENT WITH CITY OF CAPE TOWN IDP		
MID PORTFOLIO	IDP PRIORITIES	IDP OBJECTIVES	IDP PROGRAMMES
PUBLIC SAFETY	SAFETY	OBJ 5: Effective law enforcement to make communities safer	5.1 Enhanced Policing Programme 5.2 Safety Technology Programme
		OBJ 6: Strengthen partnerships for safer communities	6.1 Partnerships for Community Safety Programme 6.2 Holistic Crime Prevention programme
SOCIAL DEVELOPMENT	-	OBJ 15: A more spatially integrated and inclusive city	15.2 Social inclusion and well-being programme
CLEANSING & RECYCLING	BASIC SERVICES	OBJ 4: Well-managed and modernized infrastructure to support economic growth	4.6 Waste minimisation and recycling Programme 4.7 Promoting Cleanliness and addressing Illegal dumping Programme
	PUBLIC SPACE, ENVIRONMENT AND AMENITIES	OBJ 10: Clean and healthy waterways and beaches	10.1 Healthy urban waterways Programme 10.2 Coastal Programme
	TRANSPORT	OBJ 13: Safe and quality roads for pedestrians, cyclists and vehicles	13.1 Road safety and maintenance programme
GREENING & ENVIRONMENTAL UPLIFT	PUBLIC SPACE, ENVIRONMENT AND AMENITIES	OBJ 11: Quality and safe parks and recreational facilities supported by community partnerships	11.1 Quality community facilities programme 11.2 Partnerships for quality public spaces programme
MAINTENANCE	TRANSPORT	OBJ 13: Safe and quality roads for pedestrians, cyclists and vehicles	13.1 Road Safety and Maintenance programme
ECONOMIC DEVELOPMENT	ECONOMIC GROWTH	OBJ 1: Increased jobs and investment in the Cape Town economy	1.1 Ease-of-doing-business programme. 1.2 Investment and partnership development programme.
URBAN PLANNING	ECONOMIC GROWTH	OBJ 1: Increased jobs and investment in the Cape Town economy	1.4 Targeted urban development programme
	TRANSPORT	OBJ 12: Sustainable, efficient, safe and affordable travel options for all	12.4 Travel demand and congestion relief programme
	-	OBJ 15: A more spatially integrated and inclusive city	15.1 Spatial integration and transformation programme.
	-	OBJ 16: A capable and collaborative city government	16.5 City facilities and property optimisation programme

## **2.2. PUBLIC SAFETY**

The current public safety strategy will be further enhanced. There will be a gradual expansion of the already effective CCTV network. The focus will be on creating safe, usable urban spaces, through presence, efficient communication networks, partnerships, neighbourhood connectedness, with the use of “traditional” forceful, reactionary public safety as a lower priority.

This comprises LPR (license plate recognition) cameras at all 4 road entrances to the MID, plus approximately 50 CCTV cameras at strategic points.

A suitably qualified Public Safety Provider (PSP) will be appointed, currently this is Mountain Men. Their performance will be closely monitored by the MID Manager and Director: Public Safety. Their services include manning the control-room where the CCTV feed is monitored proactively, 24x7. Events are responded to via monitored WhatsApp groups, and proactive monitoring ensures that patrollers are deployed to prevent incidents before they happen. Patrollers are deployed dynamically, but the typical arrangement is 6 during the day and 2 at night, on bicycles. There is also a vehicle which will patrol and will be available to respond to issues as they arise. Currently, the control room is not under MID control. We will work to establish a MID-controlled public safety control room, increasing the agility of the public safety portfolio and reducing our reliance on a single service provider.

Further, a City Law Enforcement officer will be contracted via the City of Cape Town department and will work in concert with the appointed PSP. This officer will have powers of arrest for By-law violations and will be able to issue fines. It is intended that this will reduce some of the many such offences in the area. The Officer can enforce CoCT By-laws and work 40-hour shifts. This will be done via a project, as a medium-term effort to bolster the visible policing within the MID, and to push back crime.

The Neighbourhood Watch will be supported operationally by the MID Public Safety Provider, and be provided with radios and other necessary equipment for the successful fulfilment of their volunteer safety efforts.

Strategically and relationally, Muizenberg South African Police Service (SAPS) Community Policing Forum (CPF) will remain a close ally to ensure that security concerns across the precinct are communicated quickly and effectively.

The above services will be improved over the five years and evaluation will ensure maximum value for money over time.

## **2.3. MAINTENANCE AND CLEANSING**

As a significant local destination of travel, Muizenberg attracts many visitors and passers-by. Currently, streets are only swept once per week which means that by the time a week passes considerable litter has accumulated – particularly in high foot-traffic streets. Under the close supervision of the MID Manager this will continue with a four-person team which will also be responsible for removing weeds from pavements and gutters, as

well as monitoring of maintenance of public spaces. The four cleaners are employees of the MID working full days Monday to Friday. This will ensure that all streets will be cleaned every weekday with a focus on high use streets.

During the festive season, casual staff will be hired to coordinate with Council to deal with increased litter generated from visitors.

Consideration will be given to facilitating a recycling scheme. Existing staff and service providers will be used to encourage property owners to participate but no funding is currently provided in the budget.

An ongoing systematic monitoring of delivery of City services by the MID Manager, assisted by the cleaning teams, will be instituted. A renewed focus on infrastructural damage will be eliminated by a comprehensive and timeous reporting of faults and failures throughout the MID area. All service requests will be logged by the MID and progress monitored and reported to the Sub-Council Manager, and the Board.

## **2.4. ENVIRONMENTAL DEVELOPMENT**

Over the last few years, the MID has taken responsibility for the maintenance of several green spaces within its boundaries. Provision is made in the budget for the use of casual labour, under the supervision of the MID Manager to perform these duties.

Upon the successful completion of the bowling green partnership, income from the operations will go towards a fulltime gardener (through either a service provider or an employee) in the Muizenberg park. This person will also support other green spaces within the MID bounds.

The MID has worked in close collaboration with the City's Coastal Management Branch and Recreation and Parks Department establishing gardens with endangered Strandveld plants on the beachfront and will continue to do so when the next phase of the beachfront upgrade starts in 2024.

This collaboration will continue with the park upgrade along with FynbosLife who have, and will continue to advise, propagate and supply the relevant plants.

Relationships with the City's line departments will be maintained to ensure that the "standard" services are well delivered.

## **2.5. SOCIAL AND ECONOMIC DEVELOPMENT**

Issues of homelessness are chronic in the MID area. Particular areas of concern are Muizenberg Park and the Atlantic Road railway bridge. Where particular problems are encountered the relevant authorities will be contacted for assistance. A database of those persons needing assistance will be kept and regularly updated, Incident Desk, or another suitable software alternative will be used to robustly track interactions with the homeless and needy.

An appropriate segmentation of the needy will be maintained, whereby street-children are specifically considered and the potentially negative impact from begging on the business sector is kindly curbed with education, social services, and free-to-use activities.

The Social and Economic Development portfolio will work hand in hand with the Public Safety portfolio to ensure the firm but just dealing with the needy, and ensure that any criminal element is exposed and dealt with accordingly.

The MID will play a facilitation, enablement and oversight role, ensuring that the appropriate services from the City are availed of by the needy in the area. We will also support the many NGO's operating in Muizenberg, extending our own abilities, and working to enable these NGO's, with networks, advice, donations (where board-approved).

The long-term solution to prevent street dwelling is still seen to be the creation of a "safe space". This integrated and holistic approach is seen as necessary to ensure that destitute people within the MID and nearby communities are given ways out of homelessness. We will, however, be stringent on the application of fact- and evidence-driven location selection and programme design.

MID will also continue to partner with (and pay towards) NGOs like U-Turn to provide a much-needed service in terms of engaging directly with people in need. We will also explore creative ways of offering both passive and active support services. Active being whereby staff or service providers of the MID go out to engage with the homeless and needy, as opposed to requiring them to visit a service centre, for example (passive).

The MID will pursue, support, and partially fund a number of initiatives in order to encourage economic development in the area.

The Muizenberg Park bowling greens present an opportunity for the MID to activate the space and create economic activity in the form of sport and market-like operations on the premises. The MID will contract with the City of Cape Town, entering into a Management Agreement, and then appoint operators to bring the space to life and generate income. Income from this, estimated to be between R200,000 and R500,000 per annum, will go first towards the renewal of the surrounding Muizenberg Park (that part within the MID boundaries).

Another project that the MID board will pursue is the establishment of a skatepark between Beach Road and the Promenade, known as "the Sunken Gardens". This will encourage more economic activity during summer months, giving surfers an alternate option if there are no good wave conditions. It will also provide street children with an activity which is healthy and purposeful. The MID will work to catalyse the project with a minor investment into the first phase, thereafter, working to find the appropriate partners to operate on the space and develop it further.

## **2.6. COMMUNICATION & MARKETING**

The website is long overdue for an upgrade and will be funded as a special project (possibly done before the 2024/25 financial year begins). This will be used as an opportunity and platform to really market the Muizenberg area as an attractive destination for local visitors, local businesses, and tourists.

A partnership-style marketing strategy will be developed, in a bid to highlight the vast number of creatives, content creators and existing natural beauty here within Muizenberg. If needed, it will be funded out of a surplus from other income-generating projects. We will partner with these local content creators, to be a conduit for them to get visibility & an audience.

For the more formal communications, the MID will continue to communicate with members and the community through monthly email newsletters, Social Media platforms, and WhatsApp channels. A quarterly service delivery report will be published, providing members with a clear and comprehensive summary of the performance of the organization in the key areas of responsibility – with evidence of work done, and metrics for service performance.

The presence and activities of the MID will be promoted by clear branding appearing on the clothing of all service personnel.

Simple marketing campaigns will be run to motivate for the expansion of the bounds, this is seen as a key strategy.

## **2.7. URBAN PLANNING**

In 2023, the MID board established an Urban Planning Committee, to work with the City of Cape Town to identify opportunities for betterment of the area. Through the Ward committee, and the Community-Driven Planning Initiative made available by the City of Cape Town, the MID Urban Planning Committee will work to formalize a Local Spatial Development Framework. This will largely be volunteer-driven, but some minor remuneration for a consultant's time will be funded by the reserve fund. This will allow the Muizenberg area to have a greater voice in terms of medium-term spatial planning issues, such as;

- traffic congestion,
- accessibility for tourists,
- an under-utilized beach front,
- lack of safe pedestrian and NMT access to and around Muizenberg,
- the large number of local buildings occupied by the City (not contributing to the distinct nature of the area).

## **3 FINANCIAL IMPACT AND BUDGET**

As per the City's City Improvement District (CID) Policy, an annual budget is prepared by the MID, based on the needs of the area as described in the business plan. The budget provides for envisaged supplementary and related services and actual costs of operation as well as a 3% (three percent) rolling bad debt provision.

The CID is funded by property owners in the CID area through an additional property rate levied on the municipal valuation of all eligible properties within the boundaries of the CID. Additional property rate is variable at the current gazetted rate and is calculated by the City during the City's annual budget process.

The CID By-law allows for differentiated additional rates between categories of rateable property and as such a residential and non-residential additional rate is applicable in the MID Property owners who receive a full or partial rates rebate will not pay additional rates.

The Additional Rate is expressed as a Rand-in-the-rand and is calculated by dividing the CID budget total with the total municipal valuation of all residential and non-residential properties within the boundary of the CID. The CID budget and Additional Rate is approved by Council with the City's budget and is applicable over a financial year, which starts on 1 July.

The presented budget is a largely unchanged budget from the currently approved one, with adjustments for the necessary changes to the staffing and service provision. This excludes any envisaged expansion of the bounds.

Year 1	R2,420,000	7.6% increase
Year 2	R2,610,000	7.9% increase
Year 3	R2,820,000	8.0% increase
Year 4	R3,040,000	7.8% increase
Year 5	R3,280,000	7.9% increase

The annual budget increase is based on an average 7.8% escalation.

Budget allocation (excluding depreciation) by Portfolio:

		% of total
<b>INCOME</b>	R 3 181 600	
<b>OVERHEADS</b>	R 1 057 100	33%
<b>PUBLIC SAFETY</b>	R 1 586 490	50%
<b>ENVIRONMENT &amp; CLEANSING</b>	R 393 000	12%
<b>SOCIAL DEVELOPMENT</b>	R 115 000	4%

Individual contributions for residential and non-residential properties can be calculated as follows:

1. Municipal valuation x R 0.XXXXXX = Annual contribution (VAT excl.) – Note: R 0.XXXXXX represents the approved MID additional property rate.

2. Annual contribution (VAT excl.) ÷ 12 = Average monthly contribution (VAT excl.)
  3. Average monthly contribution (VAT excl.) x 1.15 = Average monthly contribution (VAT incl.)
- e.g. R5,000,000 x R 0.002953 = R14,765.00 ÷ 12 = R1,230.42 x 1.15 = R1,414.98

## **4 PROPOSED MANAGEMENT STRUCTURE**

### **4.1. GOVERNANCE & FINANCIAL MANAGEMENT**

The Board commits to maintain the highest levels of governance in line with all relevant legislation and Council policies. The finances will be administered diligently and spent in accordance with the financial budget and the implementation plan. Staff and services will be closely monitored and the performance thereof evaluated at a suitably regular interval.

The core services will consume most of the MID budget. A number of standalone projects will be financed from fund raising activities and surplus funds.

The vision, direction, strategy and planning will be the responsibility of the elected Board of Directors. The management of the MID services and Policy implementation will be by staff and service providers, in alignment with the strategy set out by the Board of Directors. The MID will employ the services of a contract project manager to perform a number of administrative remediation activities, a digitisation project, a compliance and contract review as well as capacitating the extension project (if approved).

### **4.2. HR, CONTRACT, AND PERFORMANCE MANAGEMENT**

A key change to the roles and responsibilities within the MID will be driven by the board. Most notably, the separation between the Management and the Leadership of the MID as a Non-Profit Company. The board will work to re-clarify and ensure that the complete operational accountability sits with the Manager, either directly or through staff and service providers.

The MID staff are responsible for a very wide range of services. The MID board will invest in their ongoing professional development, so that the MID as an organization continues to improve and sharpen itself in an ever-changing local context.

Being one of the oldest CIDs in Cape Town, there are a number of out-dated policies and contracts. A specific project will be run from the Manager's office, to rationalize all the contractual matters of the MID.

The MID Manager will be responsible for monitoring all contractual performance, ensuring that the MID maintains very high levels of service delivery and professionalism. To support this, the MID Manager will be given further management training.

## **5 PERMISSIBLE AMENDMENTS TO THE BUSINESS PLAN**

If, at any time, it was decided that the geographical boundaries of the MID needs to change or any other material change to the business plan, then such change would need to go through a formal process as required in terms of section 26 of the CID By-law.

If additional services are required, stemming from collaboration with City departments, which are not specified in the motivation report but deemed supplementary municipal services, the business plan can be amended without further consent by submitting a request to the City in terms of section 25 of the CID By-law as long as it is not material.

## **6 LIST OF ALL RATEABLE PROPERTIES WITHIN THE CID**

A list of all the rateable properties within the MID is attached as Annexure A.

# MUIZENBERG IMPROVEMENT DISTRICT (MID)

## 5 YEAR IMPLEMENTATION PLAN

1st July 2021 to 30th June 2025

<b>LEADERSHIP &amp; STRATEGY [new section]</b>									
<b>ACTION STEPS</b>	<b>KEY PERFORMANCE INDICATOR</b>	<b>FREQUENCY per year</b>	<b>DURATION IN WEEKS, MONTHS OR YEARS</b>					<b>RESPONSIBLE</b>	<b>COMMENTS</b>
			<b>Y1</b>	<b>Y2</b>	<b>Y3</b>	<b>Y4</b>	<b>Y5</b>		
1. Direction & leadership for the Board and Organization.	Lead the team to set a clear vision and measurable objectives. Set strategies and action plans. Monitor the process and give feedback to the team and membership.	Ongoing	→	→	→	→	→	Chair

SOCIAL AND ECONOMIC DEVELOPMENT									
ACTION STEPS	KEY PERFORMANCE INDICATOR	FREQUENCY per year	DURATION IN WEEKS, MONTHS OR YEARS					RESPONSIBLE	COMMENTS
			Y1	Y2	Y3	Y4	Y5		
1. Create & maintain data base of homeless persons	Complete up to date list	Ongoing	>	>	>	>	>	Manager	
2. Coordinate with law enforcement to prevent sleeping in economically sensitive areas & times.	No sleeping in identified areas and times.	Ongoing	>	>	>	>	>	Manager	
3. Identify short term protected sleeping place(s)	Available & approved places	Ongoing	>	>	>	>	>	Board, Manager & COCT	
4. Collaborate with & press COCT for a Safe Place in or near Muizenberg.	Data-driven approach taken, which includes a reasonable amount of public participation.	Ongoing	>	>	>	>	>	Board	
									Misaligned KPI. Have removed, no longer considered apart of our strategy.

6. Communicate with relevant bodies to assist those homeless persons who want assistance with rehabilitation.	Rehabilitation of those homeless wanting assistance.	Ongoing	>	>	>	>	>	Director & Manager	
7. Continue UTurn or an alternative, funding them to provide a “passive” service center for homeless within the MID.	Signed contract, contract performance monitoring	Ongoing	>	>	>	>	>	Director & Manager	Current location is poor, we need to find a new location.
8. Identify Street Children* and facilitate intervention from Social Welfare.	List of names	Ongoing	>	>	>	>	>	Manager	

**\*Definitions\***

- Street People are defined as those who are living on the streets of Muizenberg and many have been in the community for many years.
- Vagrants are defined as those who wander from place to place – with no fixed address.
- Street People/Displaced People are people who for any reason use the outdoors as a place of abode for a lengthy period of time
- A Street Child is a person aged 6-14 who for any reason leaves his/her family unit and community to live on the street. Some may live on the street with their parents
- Street Adolescent is a person between the ages of 14-18 who for any reason leaves his/her family unit and community to live on the street. According to the Children’s Act, any child, 17 years and under, that begs, works or lives on the street for any period of time is a street child
- Day Strollers are those that come into an area on a regular basis to seek part time employment or the collecting and recycling of materials to supplement their income and return to their communities at night
